Subscriber only

28. Pastor Fred Muys

For the past 29 years Fred has been working at the Rivers of Life Church, which also involves work in the Harvest Rain food bank, and the brains behind the revival of the Tivoli Drive-in. Since reopening the drive in it has proven a big hit with families, where on a Saturday night residents enjoy family-friendly double features for a bargain price. Putting their staff through the drive in kitchen has resulted in many young workers getting real-time work experience and continues to give young people a start in hospitality.

Tivoli Drive-In executive director Fred Muys with Natasha Robertson recently as they prepare to reopen with strict social distancing measures in place
